

IS YOUR BINGO HALL STUCK USING OLD TECHNOLOGY?

- We can make your game more fun, popular, attractive to younger crowds and more profitable for you.
- Our electronic devices can play on most web tablets and mobile devices.
- Why continue to rent bingo equipment when you can purchase your own or let players (where allowed) use their own devices at a fraction of the current cost.
- Use Flat Screen Technology for Virtual Flashboards.
- System comes with its own verification system.
- Our equipment is fun to play and reliable to operate.
- NO computer background needed to run our equipment.
- Take advantage of future Networked Bingo rule changes.
